

Husqvarna K 650 Cut-n-Break

The Husqvarna K 650 Cut-n-Break is a cutter with a unique method for cutting deep, up to 16", at an extremely low diamond tool cost. The K 650 Cut-n-Break has a wide range of applications. Of course it's ideal for use on window and door openings where you don't want overcutting at the corners. It's also very good for cutting pipes in pipe trenches, for sawing grooves for cabling and expansion joints, and for crack renovation. The engine has a number of excellent features such as the revolutionary Active Air Filtration™ filter system, the SmartCarb™ carburetor, EasyStart, a sealed transmission and much more.

SPECIALLY DEVELOPED PATENTED DIAMOND BLADES

Twin, specially-developed 9" blades provide high cutting speed and power.

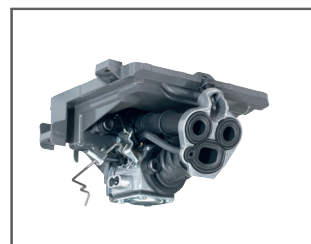

ACTIVE AIR FILTRATION™

Active Air Filtration, centrifugal air cleaning in three stages, increases product life and extends service intervals.

TECHNICAL SPECIFICATION

Power output	4.8 hp(l)
Cylinder displacement	4.3 cu.inch
Blade diameter	9 inch
Max cutting depth	16 inch
Weight (excl. cutting equipment)	22.4 lbs
Vibrations front handle	3.2 m/s ²
Vibrations rear handle	5.7 m/s ²
Sound level	100 dB(A)
Sound power level, LWA	116 dB(A)

SMARTCARB™

Built-in automatic filter compensation, maintains high power and lowers fuel consumption.

DURASTARTER™

Patented, dust sealed starter unit, where the return spring and the pulley bearing are sealed. DuraStarter™ also includes a starter cord with greatly increased durability. This makes the starter virtually maintenance free, giving a further boost to the reliability of our cutters.
